

### INFORMATION & COMMUNICATION TECHNOLOGIES AND PRODUCTIVITY

### **PRODUCTIVITY IN SMES**

Ma. Dolores Correa Laphan

#### BACKGROUND

- During 2010-2011, the methodology of the Integrated Measurement and Productivity Improvement System, SIMAPRO SME was systematized in a model with a duration of 6 months.
- Previous experience in a pilot case, identified the need to develop a platform that would allow the scaling of the project, ensuring standardization and process quality.

### SIMAPRO SME PLATFORM
